35TH CONGRESS, 1st Session. } HOUSE OF REPRESENTATIVES. { REPORT No. 343.

U. S. Congress. House. Committee on invalid pens

ROBERT W. CAULK.

APRIL 17, 1858.

Mr. ANDERSON, from the Committee on Invalid Pensions, made the following

REPORT.

The Committee on Invalid Pensions, to whom was referred the petition of Robert W. Caulk, report:

That it appears that said Robert W. Caulk, is now an invalid pensioner, at the rate of six dollars per month, for injuries received whilst a fireman on board the steamship Mississippi during the bombardment of Vera Cruz; he now asks an increase of that pension. No evidence has been submitted to the committee that will justify them in granting the increase. If he is entitled to an increase, being a resident of this city, he can procure the evidence and obtain the increase by applying to the Commissioner of Pensions. Your committee ask to be discharged from the further consideration of the petition.
